Heritage Thermoset Soft Close Seat Installation Instructions and User Guide

Models covered:

AWG101S

Please keep this booklet for future reference.

Installer: when you have read these instructions please ensure you leave them with the user.

Contents

When you buy a Heritage product, you can be confident that it not only features a beautiful, distinctive, classic design, but that it has also been made to the very highest quality standards. To ensure that it works to its full potential, it needs to be fitted correctly.

These fitting instructions have been created to give you all of the information you need and, if you need any further help, please do not hesitate to give us a call on **0844 701 8503**.

Guarantee	05-06

Safety Note

- Please read these instructions & retain for future use. All products manufactured & supplied by Heritage are safe, provided they are installed correctly, used correctly, and receive regular maintenance in accordance with these instructions.
- **If you are in any doubt about your ability to install this product safely you must employ the services of an experienced, qualified plumber.**

Before starting any installation project please consider the following:

- Prior to drilling into walls, check there are no hidden electrical wires or cables or water supply pipes with the aid of an electrical detector.
- If you use power tools do not forget:
 - Wear eye protection.
 - Unplug equipment after use.
- This product must not be modified in any way as this will invalidate the guarantee.
- These fittings need to be installed in accordance with and meet the requirements of the Water Supply (Water Fittings) Regulations 1999 and Scottish Byelaws 2004.

Installation:

Please read these instructions carefully before attempting to fit the seat. If you are not an end user, please make sure the aftercare instructions are made available to the end user.

1. Before fitting the seat to the pan it is essential that the hinges are adjusted correctly & the locking screws are firmly tightened at the factory, so even if the hinge plate seems tight when you remove the seat from the box it will still be necessary to tighten the locking screws. Failure to tighten these screws will result in the hinges working loose over a period of time. Please check the hinges are in the correct position using the L (left) and R (right) markings on the underside of the hinge plate.
2. Adjust the seat hinges to fit the pan. The seat hinges can be adjusted in 3 ways:
 - a. By loosening locking screw the hinge plates can be rotated so that the distance between the fixing bolts can be adjusted.
 - b. By locating the fixing bolt into one of the threaded holes in the hinge plate (picture on the next page), it is possible to adjust the forward/backward position of the seat.
 - c. It is possible to get a larger adjustment of the forward/backward position by rotating the hinge plates through 180°. If the seat lid or ring will not stay in the raised position then move it further forward on the pan.
3. Having adjusted the hinges make sure the locking screw are tight.
4. Place the main seat washers onto the hinge plates & feed the fixing bolts through the holes in the toilet pan.
5. Fit the rubber washer, metal washer & fixing nut as shown in (diagram on the next page), secure the fixing nuts very firmly using a spanner or pliers, failure to tighten the fixing nuts securely will result in the seat moving around on the pan. Final adjustment of the seat position is possible just before the fixing nuts become tight.

Maintenance

General Cleaning

Your fitting has a high quality finish and should be treated with care to preserve the visible surfaces. All finishes will wear if not cleaned correctly. The only safe way to clean your product is to wipe with a soft damp cloth. Stains can be removed using washing up liquid. All bathroom cleaning products (powders and liquids) will damage the surface of your fitting, even the non-scratch cleaners.

Note: Never use abrasive detergents or disinfectants or those containing alcohol, hydrochloric acid or phosphoric acid.

Register now for additional peace of mind

Register your product with us now and, if you do have any queries after installation, we'll be able to quickly identify the product and give you the best advice. It also means that you won't have to keep your proof of purchase to validate your guarantee. To register, simply go online at www.heritagebathrooms.com/register

Guarantee Terms and Conditions

This guarantee is in addition to your statutory and other legal rights and is subject to the following conditions:

- The product was purchased within the United Kingdom or Republic of Ireland
- The product is used in domestic applications only
- The guarantee applies solely to the original purchaser with proof of purchase
- The installation must allow ready access to all products for the purpose of inspection, maintenance or replacement
- Repair under this guarantee does not extend the original expiry date. The guarantee on any replacement parts or product ends at the original expiry date

Any part found to be defective during the guarantee period will be replaced without charge, providing that the product has been installed in accordance with the instructions given in this guide and used as the manufacturer intended. If the product is no longer available, Heritage will endeavour to provide the nearest equivalent.

Heritage Bathrooms Guarantee Cont.

The guarantee does not cover:

- Damage or defects caused by
 - General wear and tear (including special non-chrome finishes; components such as filters, seals, 'O' rings and washers)
 - Incorrect installation
 - Repair using non-Heritage parts
 - Accidental or wilful misuse
 - Corrosion and the use of inappropriate cleaning products.
 - System debris including the build-up of limescale (which can be controlled through regular servicing and maintenance)
- Compensation for loss of use of the product or consequential loss of any kind.

In the interests of continuous product improvement, Heritage reserves the right to alter product specifications without notice.

Need help?

In the unlikely event that you encounter a problem with your Heritage product, you must, in the first instance, contact the retailer you purchased it from. They will advise as to whether it is due to a manufacturing fault or an installation fault. If the problem is due to a manufacturing fault, they will contact us to arrange a supply of a replacement product as soon as possible. To speak to a Heritage customer service advisor, please contact our technical helpline on **0844 701 8503**.
